## Temporary and Disability Assistance Statistics NOVEMBER 2013

---

### Temporary Assistance

Temporary Assistance: Temporary Assistance recipients totaled 568,983 in November 2013, decreasing by 4,309 (-0.8%) from the previous month. Related expenditures totaled \$179,695,775 in November 2013, decreasing by approximately \$7.6 million (-4.0%) over October 2013.

### Supplemental Nutrition Assistance Program

Supplemental Nutrition Assistance Program: Supplemental Nutrition Assistance Program recipients totaled 3,243,156 in November 2013, increasing by 72,833 (+2.3%) from the previous month. Related expenditures totaled \$529,511,752 in November 2013, increasing by approximately \$61.2 million (+13.1%) over October 2013.

### Supplemental Security Income

Supplemental Security Income: Supplemental Security Income recipients (including Mental Hygiene) totaled 704,069 in November 2013, increasing by 3,340 (+0.5%) from the previous month. Related expenditures totaled \$407,295,060 in November 2013, increasing by \$756,660 (+0.2%) over October 2013.

**Note:** In November the Office of Temporary and Disability Assistance issued one-time Supplemental Nutrition Assistance Program (SNAP) payments as part of a litigation settlement. These payments went to both current and former recipients of SNAP, substantially increasing the benefit, household, and recipient numbers over what they would have been in the absence of the payments. Also, SNAP benefit decreases resulting from the expiration of the enhanced benefit levels instituted as part of the American Recovery and Reinvestment Act went into full effect in November, and partially offset the benefit increase caused by the settlement. Thus, November SNAP data should be interpreted with caution.

Note: Data pursuant to a New York State Legislative mandate S. 6057-B/A. 9557-B, Chapter 57, L. 2004.

Based on local district claims submitted on claims Schedules A and C. Includes reimbursable expenditures for basic assistance, rent supplements, family shelters, domestic violence shelters, security deposits, transitional services, diversion transportation, diversion payments, and other non-assistance. These claims are net of cancellations and refunds, and include any reconciliations and supplemental claims applied to the month after initial expenditure reporting is done. Thus, these data differ from the expenditure data presented elsewhere in this document, which are derived from original payment issuance activity during the month, net of cancellations and refunds in that month.

District claiming activity for recent months is generally not complete before the statutorily required due date for this report. Thus, claims for recent months may appear substantially below those for earlier months. Claims tables in future months of this report will continue to include the historical periods above, adjusted for claiming activity occurring subsequent to this report.

Note: Data pursuant to a New York State Legislative mandate S. 6057-B/A. 9557-B, Chapter 57, L. 2004.

Based on local district claims submitted on claims Schedules A and C. Includes reimbursable expenditures for basic assistance, rent supplements, family shelters, domestic violence shelters, security deposits, transitional services, diversion transportation, diversion payments, and other non-assistance. These claims are net of cancellations and refunds, and include any reconciliations and supplemental claims applied to the month after initial expenditure reporting is done. Thus, these data differ from the expenditure data presented elsewhere in this document, which are derived from original payment issuance activity during the month, net of cancellations and refunds in that month.

District claiming activity for recent months is generally not complete before the statutorily required due date for this report. Thus, claims for recent months may appear substantially below those for earlier months. Claims tables in future months of this report will continue to include the historical periods above, adjusted for claiming activity occurring subsequent to this report.

\* Statewide and New York City participation rates are estimated from federal disaggregated reporting samples, which are the source of the rates used by the United States Department of Health and Human Services to determine if a state has met participation goals. Because the sample size is insufficient to permit rate estimates for non-New York City districts, rates for those districts are derived directly from automated systems data. Thus, Rest of State and New York City numerators and denominators will not sum to the statewide total. Estimates are from fourth quarter Federal Fiscal Year 2013 samples.
