

**Disability Advocacy Program (DAP) 2022-2027  
Questions and Answers**

**We know that there is a 4,000 character limit for the response to the questions in Grants Gateway. Does this 4,000 character limit include spaces between words?**

Yes, the character limit is inclusive of spaces.

**We believe that there is a possibility that the amount of Statewide funding MIGHT be increased by \$1 million dollars. IF this happens after the Governor's budget is released on or around January 18<sup>th</sup>, will OTDA release an addendum announcing that there is \$6,260,000 in annual funding available for the program instead of \$5.260 million?**

Should additional funds be made available to support this RFP, OTDA reserves the right to make awards in excess of the amount listed above to extend program services and/or fund additional applicants.
