

Medicaid members can receive assistance connecting to social needs services.

If you are enrolled in Medicaid and you or your family are looking for support with food, transportation, or housing, there may be help available to you.

Medicaid Members can reach out to a Social Care Network to discuss their social needs.

For those who may benefit from additional supports, you may work with someone to get connected to the services that are right for you or your family, depending on health status and need.

Navigation includes:

Housing

Nutrition

Employment

Education

Transportation

To learn more about services available in your community, reach out to your local **Social Care Network**.
