Appendix A: Welfare Reform Act of 1997 Reporting Provisions

This page intentionally left blank

2009 Statistical Report On the Operations of New York State Temporary Assistance Programs

Introduction

This report was prepared in fulfillment of the reporting requirements contained in the Welfare Reform Act of 1997, and was compiled by the Office of Temporary and Disability Assistance (OTDA) with data developed by OTDA and the Office of Children and Family Services (OCFS).¹ Although the law requires that this reporting should begin upon the yet-to-be-realized completion of the redesign of the Welfare Management System, we continue to report on as many of the requirements that our current data infrastructure allows. We hope that as our data infrastructure continues to improve, we will increase both the quality and quantity of our reporting.

Except where otherwise noted, the time period covered in this report is July 2008 through June 2009 (referred to as the report year). This time period was selected to allow for the compilation of a year's worth of data prior to the end of calendar year issuance date of the report.

What follows is a brief summary of current trends in the Temporary Assistance caseload for the July 2008 to June 2009 time period, and a high level summary of the data supplied in the main body of the report.

¹ The reporting provisions are codified in §149, Part B of Chapter 436 of the laws of 1997. The full text of §149 is reproduced at the end of the report.

Recent Temporary Assistance Recipient Trends

Figure 1 illustrates the trend in total Temporary Assistance (TA) recipients for the July 2008 to June 2009 period. During this time, the total recipient count increased by 20,276, from 506,167 to 526,443 or 4%. More specifically, September 2008 represented the low point of a multi-year decline in caseload lasting since May 2004, and we have experienced a fairly steady caseload increase since. This upturn coincided with substantial increases in the State's unemployment rate, which continued throughout the report year. This increase occurred for both the "family" and "singles" case category.

**Figure 1: New York State Temporary Assistance Recipients
July 2008 to June 2009**

Figure 2 shows the recipient count change for the report period for "family" cases as a whole, and for each of this category's components: 1) recipients in the Temporary Assistance for Needy Families (TANF) program (which in turn consists of Family Assistance (FA) and a small number of federally funded Safety Net Assistance (SNA) families where an adult in the case is mandated to drug treatment), and 2) former TANF cases in the SNA program by virtue of exceeding the TANF 60 month time limit or being barred from TANF receipt due to their alien status. These cases are referred to as SNA Maintenance of Effort (SNA MOE) cases because expenditures on these cases, while not TANF eligible, count toward a state's requirement to maintain a certain level of historical assistance expenditures on families in order to access their TANF block grant funds.²

There was a 13,530 or 3.6% increase in the number of recipients in the family case category. This increase was the result of a 11,924 or 4.6% recipient increase in TANF, and an increase of 1,606 or 1.3% in the SNA MOE category.

² Note that the family recipient counts include persons in non-disabled two-parent cases, even though these cases were moved into the SNA Non-Maintenance of Effort (SNA Non-MOE) case category in October 2006 for the purposes of avoiding the risk of federal penalty for failure to meet extremely high work participation rates for this group. Such cases are distributed between the TANF and SNA MOE lines on Figure 2 based on the classification the case would have been in had they not been shifted.

Figure 2: New York State Recipients in “Family” (TANF and SNA MOE) Cases July 2008 to June 2009

Figure 3 shows the recipient count for “traditional” Safety Net Assistance cases, usually referred to as “singles” cases since they consist primarily of one-person adult cases. There was a 6,746 or 5.3% recipient increase in this category, from 127,322 to 134,068.

Figure 3: New York State Recipients in “Singles” (SNA non-MOE) Cases July 2008 to June 2009

Report Summary

This summary, and the report as a whole, is organized by section headings that refer directly by letter to the subsections of the reporting requirements in statute. In some cases, reporting requirements for a particular section overlap with those in other sections. When this occurs, appropriate cross-references will be provided in the body of the report.

Section (a): Applications

Section (a) provides district level and statewide information on the number of case openings and denials, and the reasons for denials, for TA as a whole and for the FA and SNA categories. These numbers are summarized in Table 1.

**Table 1: Applications Approved and Denied
July 2008 to June 2009**

	Case Openings	Application Denials
Total Temporary Assistance	335,472	262,863
Family Assistance	118,895	86,260
Safety Net Assistance	236,577	176,442

The main reasons for application denials were failure to comply with application requirements, either employment-related requirements (62,997 or 24%) or other requirements, such as failure to appear for interviews or failure to provide documentation (126,280 or 48%). Denials related to financial issues (income and resources) totaled 32,721, or 12.4% of denials. There were 4,967 (1.9%) denials due to residence issues. A large number of denials (35,898 or 13.7%) fell into a miscellaneous "other" category. Most of the denial codes in this category fail to identify a clear reason for the denial, since the code used requires the caseworker to manually write in a "close" reason. Other denials in this category include failure to locate the recipient, and cases where TA is denied but emergency assistance is provided.

Section (b): Case Closings and Transfers

Section (b) provides district level and statewide information on the number of case closings, and closing counts by reason for closing, for TA as a whole and for the FA and SNA categories. It also provides district level and statewide information on transfers between the FA and SNA case categories that occurred during the year.

Case closings totaled 307,915 for TA, 96,954 for FA and 210,961 for SNA. Overall, the most common reasons for TA case closings were failure to comply with program requirements not related to employment (114,474 or 37.2%) such as failure to recertify; financial issues (69,435 or 22.6%) such as increased earnings or other income; and, failure to comply with employment requirements (61,251 or 19.9%). As was the case for denials, a large number of closings fell into the "other" category, mostly situations where the reason for closing was not clearly defined in the closing code. The "other" category constituted 27,440 or 8.9% of closings.

Transfers from SNA to FA totaled 12,269 for the report year. Such transfers can occur for many reasons, including when an adult in an SNA case has a child, a time limited SNA case receives a time limit exemption, or an adult whose cash assistance count causes the case to be time limited leaves the household. Transfers in the opposite direction - from FA to SNA - totaled 21,973. While a portion of these cases move from FA to SNA due to TANF time limits (approximately 500 TANF cases per month reach the 60 month limit each month, and historically about two-thirds of these cases transfer to SNA), there are other reasons these transfers occur, such as a child "aging out" of TANF eligibility and creating an adult-only case.

Sections (c), (d) and (e): Subsidized Work Activities, Unsubsidized Work Activities and Training and Educational Activities

Section (c) provides data derived from both sample data and system data on the average monthly number of recipients participating in each subsidized or otherwise sponsored work activity exclusive of training and education activities, and the average number of hours engaged in unsubsidized activities per week. Also included are systems-derived data on the number of non-exempt and exempt adult recipients in all three case types, with the non-exempts divided into those that are work limited and those that are not, and the exempts divided into three categories, disability/illness, substance abuse and other (with the other category consisting primarily of caretaker situations). For those in work limited status, the duration of that status is provided. Finally, Section (c) includes district level data on the number of persons receiving child care through the New York State Child Care Block Grant by TA status of the person, and federal and state expenditures on work activities, including Food Stamp Employment and Training expenditures.

Section (d) contains data on the number of TANF, SNA MOE and SNA Non-MOE recipients participating in unsubsidized employment and the average number of hours engaged per week, and Section (e) contains data on the number of recipients in training and education activities, and the average number of hours engaged per week.

Data Sources for Work Activities

The data source for work activity counts and hours in the activities varies by case category and region. For the rest of state region (all districts excluding New York City) all information on activities and hours regardless of case category is derived from WRTS, which receives data from The Welfare to Work Caseload Management System (the upstate system for administering work programs) and the Welfare Management System (WMS, the State's main eligibility system). For New York City and the State as a whole, TANF and SNA MOE information is derived from the quarterly disaggregated data reports submitted by New York State to the US Department of Health and Human Services for the purposes of reporting and calculating federal work participation rates. These reports contain detailed data on a representative sample of TANF and SNA MOE cases, and are the only source of New York City and thus statewide data on federal work activities. It is important to note that because New York City and statewide activities data are sample-based in the TANF and SNA MOE instances, while activities for non-New York City districts are from systems data, the New York City and rest of state figures will not sum to the statewide total. For SNA Non-MOE cases, the New York City data is based on reports submitted by the New York City Human Resources Administration (HRA), and the statewide data is a summation of the Welfare Reporting and Tracking System (WRTS) derived data for the rest of state region and the HRA submitted reports.

Summary of Section (c), (d) and (e) Data

Work Activities

An estimated monthly average of 8,045 TANF recipients, 4,452 SNA MOE recipients and 52,212 SNA Non-MOE recipients participated in subsidized or otherwise sponsored work activities (including subsidized public and private sector employment, work experience, on the job training, job search/job readiness training, community service, substance abuse and other treatment activities). The statewide average hours of participation per week in these work activities were 15 and 16 for the TANF and SNA MOE recipients, respectively. The upstate Safety Net Non-MOE recipients averaged 16 hours per week in work activities (New York City HRA does not report hours in work activities for SNA Non-MOE recipients, as they only report persons in activities if they meet or exceed the hours required). Also, an estimated monthly average of 17,192 TANF recipients 12,844 SNA MOE and 4,729 SNA Non-MOE recipients participated in unsubsidized employment, with average weekly hours of 26, 29 and 18 (upstate only) for each case type respectively. An estimated monthly average of 3,559 TANF recipients, 2,018 SNA MOE and 1,688 SNA Non-MOE recipients participated in training or educational activities (including vocational education, job skills training, employment-related education and

training activities was 19 and 16 hours for TANF and SNA MOE cases respectively, and 10 hours for upstate SNA Non-MOE recipients.

Exemptions and the Work Limited

A monthly average of 26,251 TANF, 8,390 SNA MOE and 76,924 SNA Non-MOE adults were exempt from work activities (this is exclusive of the work limited persons discussed below). This represents 41.4%, 21.9% and 63.6% of the TANF, SNA MOE and SNA Non-MOE populations, respectively. For the TANF and SNA MOE caseloads, most exemptions fell within the illness/disability category and the "other" category, the latter of which consists primarily of caretaker situations, and the exemptions were about evenly split between these categories. Relatively few fell into the substance abuse category. For SNA Non-MOE, most (42,182 or 54.8% of the exempt) fell into the illness/disability category, and an additional 11,353 (14.8% of the exempts) fell into the substance abuse category. The remaining 23,389 (30.4%) fell into "other".

In order to assess the amount of time recipients remain in work limited (as opposed to exempt) status, we examined all adults coded as work limited at the end of the report period (June 2009) and looked backwards to see the consecutive number of months they had been in that status. Of the 13,052 adult recipients classified as work limited in that month (2,315 in TANF 2,706 in SNA MOE and 8,031 in SNA Non-MOE), 34% were classified work limited for 0 to 3 months, 28.7% for 4 to 6 months, 21.9% between 7 and 12 months, and the remaining 15.4% for 13 months or more.

Expenditures

Federal, state and local expenditures in support of work activities totaled \$511,594,589 for the October 2007 to September 2008 (FFY 2008) period, including \$158,061,357 in Food Stamp Education and Training funds. The FFY 2008 data is used, as opposed to the report period, to coincide with required expenditure reporting periods.

Child Care

During the report period, a monthly average of 119,258 children received subsidized child care under the New York State Child Care Block Grant, 62,929 in Temporary Assistance and 56,330 in the low income category.

Section (f): Sanctions

Section (f) provides statewide and district level data on the monthly average number of recipients in sanction status, the type of sanction, the number of recipients that complied, and the average days to compliance in TANF, SNA MOE and SNA Non-MOE cases. The monthly average number of sanctioned persons for the report year was 31,548, which represents about 13.4% of the 235,663 monthly average number of adult recipients for the period. Most (24,258 or 76.9%) of these sanctioned persons had an employment-related sanction. Each month, an average of 2,750 persons complied with requirements and ended their sanction. The average length of time to compliance for these persons was 131 days.

Section (f) also provides district level and statewide data on the number of sanction-related and work activity-related (the two overlap) fair hearings requested, the number of hearings held, and the outcomes of these hearings, for the full report year.³ These data are reported separately for total TA, FA and SNA cases. Readers of this section should note that the numbers reported are based on issues addressed, not hearings per se: more than one issue can be

³ Fair hearings outcomes described in the report are issues affirmed (i.e., the agency's determination is deemed correct), issues reversed (i.e., where the agency's determination is incorrect), issues withdrawn, issues correct when made (i.e., where the agency was correct at the time the decision was made, but changes in circumstances require agency action in favor of the client) and a catch-all "other" category.

addressed at a hearing, and separate issues addressed at the same hearing can have different outcomes.

For the purposes of economy of presentation, Section (f) also contains fair hearings data on work-related issues, since these overlap with sanction-related hearings and follow a similar format. Also included in this section are data on the number and outcomes of administrative disqualification hearings, i.e., hearings initiated by districts.

Due to the large number of issues addressed in the fair hearings section, they will not be summarized here. Readers should note, however, that outcome numbers will not sum exactly to hearing numbers since some issues initiated during the report year may still have been pending at the end of the report year.

Section (g): Case Closings

All data available to meet the requirements of this section were presented in Section (b), except for data on transitional Medicaid receipt. Here we report statewide and district level data on the percentage of persons from closed “family” cases (TANF or SNA MOE cases) that were Medicaid eligible in the sixth and thirteenth month following case closing, in the situation where those persons have not returned to assistance. We are reporting data for the second quarter (April to June) of 2009. For the state as a whole, 68% percent of persons closed in these case types are Medicaid eligible six months later, and 61% thirteen months later. There is substantial district variation on this measure, with many districts showing very high rates of Medicaid eligibility after closing.

Section (h): Substance Abuse Treatment Programs

Section (h) provides the monthly average number of TA persons residing in Congregate Care Level II drug and alcohol treatment facilities during the report period. This information is provided at the district level and by TANF, SNA MOE and SNA Non-MOE case type. For the report year, the number of persons receiving treatment in these facilities was 6,891, with most (6,698 or 97.2%) in the SNA Non-MOE program.

Section (h) also contains data on the duration of spells in these facilities, for persons entering in the period from July to December 2008. For the 6,354 entrants during this period, 14.1% had a spell of one month or less, 12.6% two months, 11.5% three months, 9.3% four months, 8.2% five months and 44.4% six months or more.

Section (i): Pregnancy Prevention Programs

TANF funding for pregnancy prevention programs was discontinued previous to the report year, so those programs are no longer included in this report. Data for these programs can be obtained from the Department of Health.

Section (j): Disabled and Work-Limited Recipients

All data available to meet the requirements of this section were reported in Section (c) above.

Section (k): Food Assistance Program

The Food Assistance Program is no longer an active program.

Section (l): Domestic Violence

Section (l) reports district level and statewide data for the report year on the number of persons indicating a current danger on their domestic violence screening form, the number of persons whose domestic violence assessments showed a credible threat, the number of persons with a waiver from program requirements as a result of domestic violence, and the number of

persons with new waivers granted during the year. Also reported is the number of active waivers broken down by the program requirements that are waived (e.g., time limits, employment, child support, etc.), as well as the average duration of waivers by waiver type.

For the reporting period 12,834 persons checked that there was a current domestic violence danger to them on the screening form. During the same period, 7,561 persons underwent a full domestic violence assessment where a credible threat was confirmed, and 7,236 waivers were granted.⁴ For the report period 9,263 persons had domestic violence waivers, including persons whose waivers were granted previous to the report year. These persons had a total of 16,863 active waivers during the report year. The number of waivers exceeds the number of persons with waivers because waivers are specific to the requirement for which the waiver is granted, not a blanket exception from all program requirements. That is, a single domestic violence victim can have more than one waiver, say for instance if the person is exempted from both child support and work requirements. Note also that the number of active waivers for the year, like the number of persons with active waivers, includes those carried over from previous years.

Most domestic violence waivers were granted either from the requirement to cooperate in the establishment of child support (9,026), or from the requirement to participate in employment activities (7,298). Waivers active during the period averaged five months in duration.

⁴ Note that the percentage of domestic violence interviews that result in a credible threat cannot be determined by taking the ratio of interviews that result in a credible threat to the number of persons indicating a current danger. This is because some of the difference between the number indicating a threat and the number where a credible threat was found is due to the client electing not to proceed to the interview stage.

Section (c)

Subsidized Work Activities

- Number of recipients participating in subsidized work activities
- Type of subsidized work activities
- Hours in subsidized work activities
- Number of recipients receiving an exemption from participating in work activities
- Months in work limited status
- Number of children receiving subsidized child care
- Expenditures in support of work activities
- Number of requests for administrative hearings – see Section (f)
Sanctions

**Table 9: Monthly Average Number of Recipients
Participating in Subsidized Work Activities¹ by Type of Activity and Average Number of Hours in all Activities
Temporary Assistance for Needy Families

**Table 18: Expenditures in Support of Work Activities
October 2007 through September 2008**

	Federal	State	Local	Total
Family Assistance (TANF 265 Fund)	\$202,717,944	\$46,555,931	\$27,754,330	\$277,028,205
Safety Net	\$0	\$41,636,831	\$34,868,196	\$76,505,027
Food Stamp Education and Training (FSET) (Food Stamp - 261 Fund)	\$86,665,637	\$36,117,353	\$35,278,367	\$158,061,357
Total ¹	\$289,383,581	\$124,310,115	\$97,900,893	\$511,594,589

¹Expenditures reported are actual with the exception of the portion of funds expended for State Operations, which at this time have not been finalized.

Section (c) Subsidized Work Activities Footnotes

- 1 Figures for New York State and New York City for TANF and MOE are based on sample data from the Federal TANF and MOE quarterly disaggregated reports submitted to the US Department of Health and Human Services for the period of July 2008 to June 2009. This is the only source for New York City and thus statewide data on work participation. Data for all other districts is derived from the Welfare Reporting and Tracking System, which contains all necessary data for this purpose (there is insufficient sample size to develop work activity estimates for non-New York City districts from the federal samples). As a result, New York City and rest of state figures will not sum to the statewide total. Recipients may be participating in more than one activity. Subsidized Public Employment for New York City includes On the Job Training. Due to rounding in the calculation of averages, the total averages may not equal summation of the individual averages.

New York City data is derived from work participation reports provided by the New York City Human Resources Administration (HRA). For Safety Net Non-MOE, Drug Alcohol Treatment or Other Treatment Plan activities are included in the Community Service category. For TANF and Safety Net MOE, Drug Alcohol Treatment or Other Treatment Plan activities are included in the Job Readiness Training category. The HRA reports do not include hours in activities. Due to rounding in the calculation of averages, the total averages may not equal summation of the individual averages.

- 2 Data sources. For upstate counties, child care payments in the Welfare Reporting and Tracking System database are extracted retrospectively for each month. Low Income Day Care children are those with a case type of 20 (Medical Assistance), 24 (Medical Assistance - Family Health Plus), 31 (Non-PA Food Stamps), or 40 (Services) and Services Type Suffix R (Low Income Day Care). TA Day care children are those with a case type of 11 (Family Assistance), 12 (Safety Net FP Non-Cash), 16 (Safety Net FNP Cash), 17 (Safety Net FNP Non-Cash), 19 (Emergency Assistance to Families), 32 (PA/Non-PA), or 40 (Services) and Services Type Suffix S (TA Day Care) or E (Emergency Assistance to Families). For New York City, a monthly data file of all cases with child care authorizations from the Administration for Children's Services (ACS) and the Human Resources Administration (HRA) is forwarded to OCFS. New York City case types are estimated using the designation ACS (low income) or HRA (TA) as provided by New York City.

Section (d)

Unsubsidized Work Activities

- Number of recipients in unsubsidized employment
- Number of requests for administrative hearings – see Section (f)
Sanctions

Section (d) Unsubsidized Work Activities Footnotes

- 1 Figures for New York State and New York City for TANF and MOE are based on sample data from the Federal TANF and MOE quarterly disaggregated reports submitted for the period of July 2008 to June 2009, and SNA Non-MOE data is derived from reports provided by the New York City Human Resources Administration. All data for other districts are extracted from the Welfare Reporting and Tracking System. See footnotes 1 and 2 in Section (c) for details. Due to the use of sample data for TANF and Safety Net MOE, for New York City and Statewide data, New York City and Rest of State figures will not sum to the Statewide total. Due to rounding in the calculation of averages, the total averages may not equal summation of the individual averages. New York City does not report hours for Safety Net Non-MOE cases.

Section (e) Education and Training Work Activities Footnotes

- 1 Figures for New York State and New York City for TANF and MOE are based on sample data from the Federal TANF and MOE quarterly disaggregated reports submitted to the US Department of Health and Human Services for the period of July 2008 to June 2009. This is the only source for New York City and thus statewide data on work participation. Data for all other districts is derived from the Welfare Reporting and Tracking System, which contains all necessary data for this purpose (there is insufficient sample size to develop work activity estimates for non-New York City districts from the federal samples). As a result, New York City and rest of state figures will not sum to the statewide total. Recipients may be participating in more than one activity. Due to rounding in the calculation of averages, the total averages may not equal summation of the individual averages.
- 2 New York City data is derived from work participation reports provided by the New York City Human Resources Administration (HRA). All other data is derived from the Welfare Reporting and Tracking System. Due to rounding in the calculation of averages, the total averages may not equal summation of the individual averages.

Appendix A
Welfare Reform Act of 1997 Reporting Provisions
(Section 149 of Part B of Chapter 436 of the Laws of 1997)

1. The department of social services or its successor agencies and the department of labor shall collect data related to the operation of public assistance programs including, but not limited to, information that must be submitted to the department of health and human services pursuant to the personal responsibility and work opportunities reconciliation act of 1996 (P.L. 104-193) and any other provision of federal or state law or regulations governing programs administered under title iv-a of the social security act or the social services law. Social services districts shall assist each agency in accumulating such data in accordance with instructions from the appropriate agency.

2. Each agency shall make reasonable efforts to collect and maintain the data required pursuant to this subdivision. Data collection shall begin as soon as practicable, but in no case later than upon the completion of the redesign of the welfare management system and the completion of welfare to work caseload management system. The responsible agency shall collect the data related to applicants and recipients of public assistance programs established pursuant to the personal responsibility and work opportunities reconciliation act of 1996 (P.L. 104-193) and the social services law including, but not limited to, the following:
 - a. Data related to applicants seeking public assistance including but not limited to:
 1. Number of applicants accepted to participate in each program;
 2. Number of applicants who are denied public assistance and the reason for denial;
 3. Number of applicants who were previous recipients of public assistance on or after December 2, 1997 including length of time previously on assistance; reason for initial termination; length of time between termination and reapplication; and reason for reapplication; and
 4. Number of applicants who have resided in the state for fewer than twelve months at the time of application.

 - b. Data related to recipients of public assistance including but not limited to:
 1. Number of terminated recipients of public assistance and reason for termination; and
 2. Number of recipients that move between public assistance programs.

 - c. Data related to work activities subsidized or otherwise sponsored by the department of social services, its successor agencies, the department of labor, or social services districts including but not limited to:
 1. Number of recipients participating in work activities;
 2. Number of recipients receiving an exemption from participating in work activities;
 3. The duration of and reasons for such exemptions;
 4. Number of participants receiving subsidized child care and the number of exemptions granted due to lack of available child care;
 5. The type of work activities;
 6. Hours of work per week per recipient;
 7. Duration of enrollment in such work activity;
 8. Reason for termination from work activity;
 9. Number of requests for administrative hearings related to work activity participation including the nature of such requests by general categories and the outcome of such hearings;
 10. Number of participants receiving subsidized transportation services;
 11. Participant retention in work activities by type of work activity;
 12. Length of time before assignment to a work activity;

13. Number of recipients changing work activity assignments and reasons for such changes; and
14. Expenditures by social services districts in support of work activities.

d. Data related to unsubsidized work activities including but not limited to:

1. Number of recipients hired;
2. Initial rate of pay by either annual salary or wage basis;
3. Retention rates;
4. Means of obtaining unsubsidized employment including, but not limited to, referral by the social services district and direct contact with employer; and
5. Number of participants receiving subsidized child care and/or transportation services.

e. Data related to recipient training and education activities including but not limited to:

1. Number of recipients in training or educational activities by type of activity;
2. Number of recipients mandated to attend training or education activities that fulfill work participation requirements;
3. Length and duration of training or education activity including the number of hours per week and duration;
4. Number of recipients receiving subsidized child care and/or transportation services;
5. Number of recipients transferred to work activities;
6. To the extent available, the number of recipients who obtain work directly from training or education activities including starting salary and employee retention rates; and
7. Expenditures by social services districts in support of training and education activities.

f. Data related to recipient sanctions including but not limited to:

6. Number and outcome of administrative hearings related to sanctions, by type of sanction; and

g. Data related to case closings including but not limited to:

1. Number of case closings;
2. Reason for case closing including, but not limited to, self-termination without reason;
3. Length of time receiving assistance on or after December 2, 1996 before case closing;
4. On an aggregate basis, the length of time recipients do not receive public assistance in New York state following case closing occurring on or after December 2, 1996; and
5. Number of former public assistance recipients receiving subsidized child care and/or transitional medical assistance.

h. Data related to substance abuse treatment programs including but not limited to:

1. Number of recipients receiving substance abuse treatment services for which the cost of such services is paid for by the social services district using public assistance monies;
2. Length of reimbursed recipient participation in treatment program; and
3. Types of substance abuse treatment programs receiving reimbursement from social services districts.

i. Data related to pregnancy prevention programs funded through federal monies received by the state pursuant to title iv-a of the social security act including but not limited to:

1. Number of program participants;

2. Duration of program participation; and
 3. Types of services provided.
- j. Data related to disabled and work limited recipients of public assistance pursuant to provisions of the welfare reform act of 1997 including, but not limited to:
1. Number of persons applying for public assistance that are screened;
 2. Number of current recipients of public assistance screened;
 3. Number of persons applying for public assistance that are found to be disabled;
 4. Number of current recipients of public assistance found to be disabled;
 5. Number of persons applying for public assistance found to be work limited;
 6. Number of current recipients of public assistance found to be work limited;
 7. Duration of finding by category;
 8. Number of changes in work activity exemption status;
 9. Number and outcome of administrative hearings related to the disability screening and the determination of work activity exemptions; and
 10. Data relating to work and training and education activities pursuant to subsections c, d and e of this section.
- k. Data related to the food assistance program including but not limited to:
1. Number of applicants under eighteen years of age by chronological age;
 2. Number of applications denied by reason for denial;
 3. Number of recipients under eighteen years of age by chronological age and the average amount of food assistance benefits per recipient issued by the social services district;
 4. Number of recipients under eighteen years of age by case and by household and the average amount of food assistance benefits issued per case and per household by the social services district;
 5. Number of recipients under eighteen years of age in a case and/or in a household where other individuals in the case and/or household are in receipt of federal food stamp benefits and the average amounts of federal and state food stamp benefits issued per case and/or per household by social services district;
 6. Number of recipients under eighteen years of age in a case or household receiving other public assistance benefits and the average amounts of food assistance benefits issued per recipient and per public assistance case by the social services district;
 7. Number of case closings for cases where the recipient is under eighteen years of age by reason for case closing including but not limited to case closing as a result of naturalization;
 8. Number of applicants applying for food assistance benefits where the primary reason for potential eligibility is a disability as defined by provisions of this act establishing a food assistance program;
 9. Number of applications denied by reason for denial;
 10. Number of disabled recipients by chronological age and the average amount of food assistance benefits per recipient issued by the social services district;
 11. Number of disabled recipients by case and by household and the average amount of food assistance benefits issued per case and per household by the social services district;
 12. Number of disabled recipients in a case and/or in a household where other individuals in the case and/or household are in receipt of federal food stamp benefits and the average amounts of federal and state food stamp benefits issued per case and/or per household by social services district;
 13. Number of disabled recipients in a case or household receiving other public assistance benefits and the average amount of food assistance benefits issued per recipient and per public assistance case by the social services district including, but not limited to, receipt of federal and/or state supplemental payment made pursuant to title xvi of the social security act;

14. Number of case closings for cases where the recipient is disabled by reason for termination including but not limited to case closing as a result of naturalization;
15. Number of applicants applying for food assistance benefits where the primary reason for potential eligibility is that the applicant is elderly as defined by provisions of this act establishing a food assistance program;
16. Number of applications denied by reason for denial;
17. Number of elderly recipients by chronological age and the amount of food assistance benefits per recipient issued by the social services district;
18. Number of elderly recipients by case and by household and the average amount of food assistance benefits issued per case and per household by the social services district;
19. number of elderly recipients in a case and/or in a household where other individuals in the case and/or household are in receipt of federal food stamp benefits and the average amount of federal and state food stamp benefits issued per case and/or per household by the social services district;
20. Number of elderly recipients in a case or household receiving other public assistance benefits and the average amount of food assistance benefits issued per recipient and per public assistance case by the social services district including, but not limited to, receipt of federal and/or state supplemental payment made pursuant to title xvi of the social security act; and
21. Number of case closings for cases where the recipient is elderly by reason for termination including but not limited to case closing as a result of naturalization; and
22. Number and outcome of administrative hearings related to the food assistance program by general category.

I. Data related to the domestic violence screening process including but not limited to:

1. Number of applicants and recipients screened;
 2. Number of positive findings;
 3. Number of waivers by category granted as a result of a positive finding; and
 4. Duration of such waiver.
3. To the extent possible, the data collection activities required by this act shall be designed to collect data in the least expensive and least time consuming manner possible. Scientifically acceptable statistical sampling methods may be used to collect and maintain data on an aggregate basis when authorized by the department of health and human services or when the commissioner of social services or commissioners of its successor agencies determines that collection of such data by any other means is not practicable or would result in significant additional costs. To the extent that statistical sampling is used to collect and maintain data, and unless otherwise required by the department of health and human services, the sample size shall be no larger than the sample size required by the United States department of agriculture for food stamp quality control purposes pursuant to the food stamp act of 1977 and subsequent amendments.
 4. The commissioner of social services or commissioners of its successor agencies, and the commissioner of labor shall provide reports summarizing data collected pursuant to this act to the temporary president of the senate, the chairperson of the senate finance committee, the speaker of the assembly, and the chairperson of the assembly ways and means committee. The first such report shall be provided to the temporary president of the senate, the chairperson of the senate finance committee, the speaker of the assembly, and the chairperson of the assembly ways and means committee no later than December 2, 1998 and annually thereafter. The commissioner of social services or the commissioners of its successor agencies, in conjunction with the commissioner of health and the commissioner of labor, shall provide the temporary president of the senate, the chairperson of the senate finance committee, the speaker of the assembly, and the chairperson of the assembly ways and means committee with an annual report summarizing data collected pursuant to this act.

5. Each agency shall provide the temporary president of the senate, the chairperson of the senate finance committee, the speaker of the assembly, and the chairperson of the assembly ways and means committee with all reports filed with the department of health and human services pursuant to the data collection and reporting requirements of the personal responsibility and work opportunities reconciliation act of 1996 (P.L. 104-193).
6. The commissioner of social services or the commissioners of its successor agencies, in conjunction with the commissioner of labor, and the commissioner of health shall develop a plan to provide the legislature with the ability to have online access to the welfare management system and the welfare to work caseload management system upon completion of the redesign of the welfare management system and implementation of the welfare to work caseload management system for purposes of obtaining aggregate program data. Such plan shall provide for security measures necessary to ensure the confidentiality of data residing on the welfare management system and the welfare to work caseload management system in conformance with all applicable federal and state laws and regulations. The plan shall be submitted to the temporary president of the senate and the speaker of the assembly no later than February 15, 1998.
